PROFESSIONAL EXPERIENCE

New Mexico Highlands University • Las Vegas, NM

2008 - Present

Professor of Business – Part Time

Instructing graduate and upper division undergrad MIS and Marketing courses. Courses taught include Ecommerce and Internet Marketing Strategies. Topics include web development, usability, interactive marketing, branding, Hispanic marketing communication, analytics, etc. Sat on Faculty Committees for MBA student oral exit examinations.

Heath Interactive • Durango, CO

2004 - Present

Founder/Consultant

Established a small scale, part time interactive marketing consulting operation that afforded the time necessary to pursue my MBA and teaching interests. Managing a handful of client accounts. Yearly revenues have ranged up to \$208,104.06.

Web Optimization, Inc. • Durango, CO/Atlanta, GA

2000 - 2005

Founder/President

Founded, managed and grew one of the very first Search Engine Marketing companies. Responsible for full strategic planning, P&L management and autonomous decision making for all areas of the company. Managed up to six full time employees and independent contractors. Designed, implemented and managed Search Engine Marketing campaigns for several top worldwide brands.

- Self financed start up that was profitable from day one. Grew revenues from zero to \$185,606 in 2002, \$371,298.45 in 2003 and \$840,592.50 in 2004.
- Formed partner relationships and integrated our private labeled Search Engine Marketing capabilities for several select resellers including Geary Interactive, BTI Telecom's Maxcommerce (now Deltacom) and eMarketingAsia among others.

HEATH S. ANDERSON

907 Florida Meadows Lane • Durango, CO 81303
(p) 970.769.7180 (e) HeathSAnderson@gmail.com

- Developed strategic relationships with preferred vendors including paid search engines (GoTo/Overture/Yahoo, Google's Adwords, FindWhat/Enhance, etc.), analytics providers, ROI/bid management technology firms, translation/localization companies, design firms, registrars, hosts, etc.
 - Developed, implemented and continually improved the processes and technologies that comprised Web Optimization, Inc.'s service offerings.
 - Conceptualized and managed the in-house technology development of:
 - WebRankingReports – One of the very first web based search position reporting utilities. The software was used by internal clients and made available on a limited basis for third party private labeled use.
 - ProjectUpdates – A web based workflow management and reporting interface that managed backend processes and communicated results to the end users.
 - Full cycle management of Search Engine Marketing campaigns including:
 - Sahara Hotel and Casino • 2001 – 2004
 - In 2004, generated 174,155 new visitors from our Search Engine Advertising initiatives resulting in 2,837 new reservations at a cost of \$63.76/reservation.
 - In August 2004, generated 21,371 new visitors from our Search Engine Advertising initiatives resulting in 534 new reservations at a cost of \$37.66/reservation.
 - Sahara began an Organic Search Engine Optimization campaign in 2001 with zero organic positioning on both branded terms and industry specific terms. Campaign quickly took rightful organic positioning on all branded terms and consistently placed in the top organic results for such terms as "las vegas hotel", "las vegas casino", etc.
 - University of Phoenix • 2002 – 2004
 - In 2003 and 2004, this Search Engine Advertising campaign generated 359,561 new visitors resulting in 12,913 geo-qualified (within driving distance of each campus) prospective student leads at a cost of \$10.29/lead.
 - Shorter College • 2003 – 2004
 - In 2004, this Search Engine Advertising campaign generated 2,551 geo-qualified prospective student leads at a cost of \$1.51/lead.
- Additional Campaigns: Art Institutes, Atria Assisted Living, Dusit Hotels & Resorts, Epson Robotics, Health Allies, Hettich International, GTS Energy, Infocrossing, Imperial Palace Hotel and Casino, It's Just Lunch, JobsDB, Paramount Parks, Peak Medical Corporation, Sports Publications Inc., Tata Young, Texas Station, XSNNet, over 25 colleges and universities, etc.
